

## You Needn't Be a Millionaire

Dressing well doesn't necessarily imply spending more than you can afford.

Of course you can pay a lot for clothes if you want to, but why pay for more value than you actually get?

We've always made it a point to put in the things that are highest in quality and most reasonable in price.

In men's clothes, for example. What better can be had than Clothcraft at \$10 to \$20?

It's the same all the way down the line. Shirts, hats, socks, collars, underwear,—every thing you buy here is bound to please because you feel that it is worth every cent you pay for it.

Our new Spring styles are awaiting your approval.

Mrs. E. J. Brown, Stanford, Sunday at 10 o'clock p. m., following an operation a week before. Mrs. Sproule had been in declining health for several months but was able to attend to her duties until a few weeks ago, when it was found that an immediate operation was necessary. When the physicians performed the operation it was found that her condition was much worse than a thorough diagnosis had revealed to them, and little or no hope was held out for her recovery. She began sinking Sunday and gradually grew worse until the end came. Mrs. Sproule was a daughter of F. Francisco. Besides her father she leaves three children, Miss Bessie, Frankie and Master Harry, several brothers and sisters. She was a member of the Christian church and a splendid woman. Her remains were brought home Monday, and were laid to rest in the Christian Church cemetery after short services by the Rev. J. C. ### DEMOCRATIC CONVENTION

The Democrats of Rockcastle county met in mass convention at the court house Saturday afternoon at 2 o'clock and named eighteen delegates to go to the convention in Lexington on Wednesday.

The meeting was called to order by G. C. Fish, the county chairman, who stated the purpose for which the Democracy had gathered.

#### RESOLUTIONS.

Be it Resolved by the Democracy of Rockcastle county, in convention assembled:—

1—That we believe in an honest, efficient and economical administration of the governmental affairs, whether of the national, state, county or municipal governments.

2—That we unreservedly endorse the unparalleled achievements of the administration of our great President, Woodrow Wilson, which has faithfully fulfilled the promises made by our party four years ago by the enactment of many needed laws, which protect the people against special privileges usurped by designing interests, and which has patriotically and successfully met every serious question arising in our foreign relations.

3—That we unreservedly believe that our great President, with comprehensive mind and stout heart, correctly interprets the aspiration and hopes of the people of this republic for honorable peace, exact justice, righteousness and humanity.

4—We especially commend to the people of this State the splendid record of our able and faithful Governor, Hon. A. O. Stanley, and his associates in office, under whom many beneficial and reform measures have been enacted into laws.

5—We heartily commend our Democratic Senators and Representatives in Congress and in our State Legislature for the loyal support they have rendered the National and State administrations and the many wholesome and beneficial laws they have aided in enacting.

6—That the following be and are hereby named as delegates to the State convention to be held at Lexington, Ky., on Wednesday, May 24, 1916, viz.: J. M. Craig, Dr. Walker Owens, A. H. Hamlin, Julian Bordes, F. L. Thompson, J. W. Brown, James Maret, D. C. Poynter, W. H. Jones, T. N. Noe, W. M. McHargue, James Coffee, Dr. W. E. Gravelly, J. M. Norton, Jonas McKenzie, W. R. McClure, Geo. Bray, W. J. Sparks, E. S. Albright, Lewis Reams and C. C. Williams.

#### WHOOPIING COUGH

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Blandon Springs, Ala., writes: "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well." Obtainable everywhere.

They say death evens all scores, and perhaps that's why we keep right on stirring them up.

"War will end by Christmas," says a headline. Better make it the Fourth of July.

#### CHAMBERLAIN'S TABLETS HAVE DONE WONDER FOR ME.

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadu, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

## OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Road work this year in Clark County of turnpikes that have become somewhat worn. About 15 miles will be reconstructed during the year 1916. Four miles on the Lexington pike, two of which is being done by the county force, will be finished within next ten days. The other two miles, just out of Winchester, will be begun within the next few days by the Clark County Construction Co.

The cost of reconstruction of these roads vary from \$1200 to \$1,800, per mile, dependent upon the length of the haulage of the metal. There is virtually no grading to do, only the ditching, which is not heavy. The quality of the stone being used is fair only, making a fine road-bed but its lasting qualities are below the standard of that which is being used on Boone and Dixie High ways through the mountains. These roads should last, as now being built, for probably eight years if only used by wagons and buggies, but with automobile traffic added to that of other vehicles it is hardly probable they will hold up four years. The Muddy Creek pike, leading out of Winchester, is also being repaired. The Ruckerville pike will be looked after soon by contractors. The Paris pike will receive the attention of the county force under the charge of County Engineer G. J. Hunt, and the efficient superintendent O. E. Billester who is now finishing up one of the two mile gaps on Lexington pike.

Land costs a little something over here. A Mr. Green of Perry county bought a fifty acre tract one mile out on the Lexington road for which he paid \$204 per acre. He has just completed a \$5,000 brick residence thereon.

Mr. Wash Gay, who was a citizen of this county in 1895, we learn, died some five years ago.

Have met W. P. Azbill, who is one of Winchester's citizens. He is in the wholesale lumber business, and is also, one of the firm of Azbill and Bush, dealers in coal and feed. Mr. Azbill's mother was Julia Fish, a daughter of Jesse Fish, Rockcastle noted surveyor and leading citizen of half a century ago. The writer being a kin to the Rockcastle Fishes raked up relationship to Mr. Azbill. Mrs. Azbill, his mother, is a member of his household.

County Court days here bring in a big crowd. Often 500 buggies and nearly half as many automobiles come in from the country and adjoining counties. One man and his family was here from Menifee county last Monday with a wagon load of split baskets manufactured by himself and members of his family, selling them at from 25cts. to \$1. each. The wagon was piled up with more than a hundred baskets and looked as large as a big load of hay.

One dealer here sold 60 "Tin Lizzies" (Fords) within the past two months. Other dealers have done a large business in various makes of machines. One of the tobacco ware houses here, was built and owned by an individual R. A. Scobee, some five years since at a cost of \$32,000. He rented it out last year during the tobacco selling season at \$800 per month. Mr. Scobee is also in the lively stable business and runs one of the largest establishments of the kind in the city. He is an all around good man. The writer met him in the store of "Oh Hello" Joe Oliver, at the corner of Broadway and Highland Ave., a few evenings since. He related some mighty good ones which

would make fine reading matter. He didn't know he was talking in the presence of an old newspaper man. He will be mighty good to me when he learns it.

There is another good citizen, also, who will not want his friends to know that he was once in the Italian clock business. He is a man with land interests, but lives in the city to get the advantages of its many conveniences. He spends many of his odd moments in that same store of "Oh Hello" Joe. We don't think he likes to look into the face of an Italian clock unto this day.

Winchester has a good system of city mail delivery. Has six or more rural route deliveries.

Winchester is the location of the Kentucky Wesleyan College, a great and celebrated institution. It will be remembered by most of the older people what a "ruck ashee" was raised when the question of removal was up and for a long time afterwards the feelings engendered were not smoothed out from the wrinkled brow of disappointment felt by some of the most interested parties.

Two public school buildings are to be found here, located about two squares apart. Both commodious structures, and cost probably \$75,000 or \$80,000.

Mt. Vernon Place, is located on the left side out Lexington Ave. about half mile from court house.

Was so named in honor of Washington's home.

Winchester is erecting a large and commodious hospital, that will be up to the minute in all modern improvements and conveniences. Construction on the foundation is under way. Its location is on Lexington Avenue, just across from Mt. Vernon Place, and about a quarter of a mile from the cemetery. (We don't mean to make any insinuations at all in mentioning this fact.)

The Winchester Cemetery, out Lexington Avenue, was established in 1854 and is one of the city's beauty spots. Its new gate at the main entrance was erected in 1904, just half a century after the first burial took place within its bounds.

"A waste and trash" wagon makes its daily morning rounds of the principal streets.

Decendants of the Fish and Haley families of Rockcastle are represented here by the Azbills, Foxes and Meritts.

J. E. Burgher, Engineer of Powell county, came down Monday to see the Winchester Commercial bodies in regard to a donation toward part of expense of the construction of a highway from Stanton to the Clark county line, a greatly needed thoroughfare. We don't think he returned empty handed, for Winchester never does business that way.

Will give Winchester news papers a round in my next batch of scribbles.

Acting in absolute harmony, the Democratic State Convention, Wednesday, in Lexington, adopted a platform reaffirming its faith in the Administrations and policies of Woodrow Wilson and Gov. A. O. Stanley, and named delegates to the St. Louis convention instructed to vote for Wilson. The delegates from the State at-large are: Senators Ollie James, J. C. W. Beckham, Gov. A. O. Stanley, Mayor J. H. Buschemeyer, former Senator J. N. Camden, Judge Allie W. Young, former Gov. James B. McCreary and Lieut. Gov. James D. Black, Gen. W. B. Haldeman was named by the convention as National Committeeman from the State to succeed Urey Woodson, of Owensboro, Judge Charles A. Hardin, of Harrodsburg, was chosen chairman of the State Central and Executive Committees to succeed Judge S. W. Hager, of Owensboro, Electors from the State at-large are Frank Hopkins, of Prestonsburg, and James P. Edwards, of Louisville.

The only contest coming before the convention was from Pulaski, in which there was a split delegation, one branch headed by Hon. Woodson May, the other by Hon. J. W. Colyer. The Colyer side won, and for delegate to the National Convention, Colyer won over May by a vote of 87 1/2 to 15 1/2.

## NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follows, until August 15th, and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky.

Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with 1 storehouse, dwelling house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply.

Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 190 acres, one-half mile west of farm No. 2; a good strong valley farm in good state of cultivation and not very much improvement. About 100 acres cleared, balance in woodland.

Farm No. 4 of 271 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant houses. This farm is a creek farm, running to the hills, with some workable coal in the hills. Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guaranty from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and storehouse; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Bethurum & Lewis Addition to Mt. Vernon, Ky., and 1 lot in Jersey City, N. J. Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are handy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pike road leading south from Mt. Vernon, on the waters of Dry Fork and Skeggs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over the land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Level Green.

PERSONAL PROPERTY for sale on easy terms: 8 work mules; 4 wagons; 1 hack bed; 1 new surrey; 1 rubber tire buggy; 1 set of buggy harness; 4 turning plows; 3 section harrows; 2 disc harrows; 3 walking cultivators; 4 double shovel plows; 4 bull

tongue plows; 1 mowing machine; 2 rakes; one-half interest in 1 binder; about 2500 ft. of 1 1/4 inch iron pipe in care of Mt. Vernon Fair Association; 1, 12 horse power boiler and engine; all of my interest in about 200 acres of growing crops, to be sold as it stands or so much per bushel at gathering time. 2 stores and fixtures, one store at Hansford and one at Sand Springs, 5 show cases 2 desks; 1 typewriter; 1 iron safe; 1 share in Peoples Bank; 1 share in Mt. Vernon Fair Association; 25 shares in Central Life Insurance Co.; 2 shares in Don Over land Shoe Co. of Indianapolis, Ind.; 3 shares in Kentucky Rural Credit Association.

J. E. Woodall, the hustling salesman, of London, was with our merchants Tuesday.—Mr. and Mrs. J. P. E. Drummond left for Knoxville, Tuesday, to visit relatives for a few days.—G. S. Griffin is in Louisville for a few days on business.—Mr. and Mrs. Giles Shell and two children, of Level Green, returned home Sunday after a few days visit with relatives here.—J. W. Baker, of Mt. Vernon, was here between trains Saturday.—W. H. Rice, of Bond, Ky., is visiting relatives here for a few days.—Mr. and Mrs. Clarence Rambo, of Maywood, are visiting Mr. and Mrs. D. B. Rambo, of this place.—Miss Cora Griffin, who has had a position in Shelbyville for the past few years, has accepted a position at Norton, Va., teaching short hand.—Mrs. C. A. Blanford, who had the misfortune to get her hand badly mashed is slightly improved.—The supper given by the daughters of America at the Junior Hall, Friday night, was a grand success.—Mrs. Thomas Farley, who has been in the infirmary in Louisville, for a few weeks has returned home greatly improved.—Rev. Fred Jones, of East Bernstadt, filled his appointment at the Baptist church, Saturday and Sunday.

Mr. and Mrs. Earl Rice, of Louisville, are visiting relatives here this week.—We are pleased to hear that our old friend, James Maret, has been given a good position in the road department, for if ever there was a man that has buried the midnight oil, it is he, and when the pike is completed through this county it can truly be said that James Maret did his part in helping to make it possible for Rockcastle county to have a pike. Three cheers for our old friend Maret.—George Moore, of Tiner, Jackson county, spent a few days with Marshal W. N. Riggs, of this place. Mr. Moore is a Democrat of the deepest dye and we wish to compliment him for being a Democrat in Jackson county, as they are few and far between up there, but when you find one he will do to tie to.—Mrs. James Meadows, of Mt. Vernon, is visiting relatives here this week.—Mr. and Mrs. Claid Griffin, of near Mt. Vernon, was here from Saturday until Sunday visiting relatives.—A few days ago we met our friend C. L. Black on his way to plant corn, and our suspicion was aroused by the tools he had to work with, for he carried about a bushel of seed corn and a double barrel shot gun. Every few seconds during the day there was the report of a shot gun and even-

tually an investigation was started to find out the cause and when the truth was learned it was found that Black was using the gun for a planter, but the worst is yet to come, for Black complained of being badly crippled up. That night later it was learned that he fell out of the field three times that day, it was so steep. Come on Brodhead and Jarve Cook, line up. Mrs. Larkin Pennington, who has returned from the London Infirmary, is rapidly recovering.—Mrs. Mamie Oldham and Miss Zelma Jones were here between trains, Tuesday, en route to Mt. Vernon.—Mrs. Hobert Griffin has returned from London after a few days' visit with relatives.—Mr. and Mrs. Will Bradley are rejoicing over their first born, a fine boy.—Mr. and Mrs. W. E. Gray were in London, Saturday, shopping between trains.—The Graded School at this place will close with an entertainment Friday night.—The noted car, L & N 7777, passed through here last Saturday with coal for Cincinnati in train No. 76. Conductor Keal was running the train, so Mr. Cook, we notice the wonders of the world also.—Mrs. S. E. Hellard, of Mt. Vernon, was here between trains, Monday.—Mrs. J. E. Woodall, of London, is visiting relatives here.—Mr. and Mrs. G. V. Caloway are visiting relatives in Paris.—Att'y Ed Gentry, of Mt. Vernon, was here between trains, Wednesday.—Rev. J. M. and Mrs. Macmillan, of Louisville, were here between trains, Tuesday, en route to Barbourville. He visited several of his friends while here in the short time he had to stay. He is liked by all that know him, and the writer thinks a great deal of him, perhaps because he is a good man or it may be because it was he that tied the knot between Mrs. Owens and myself, that made us one.—Dr. R. G. Webb is preparing to open up his business in the Masonic brick. We understand the doctor will add other lines to his already large business as he will have more room.

## RHEUMATIC PAINS STOPPED

The drawing of muscles, the soreness, stiffness and agonizing pain of rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you my story. Thanking you for what your remedy has done for me."—James S. Ferguson, Philadelphia, Pa. Sloan's Liniment kills pain. 25c at Drug gists.

## PROSPERITY ON SOLID BASIS.

There is no reason to fear industrial depression in the United States after the war in Europe ends, in the opinion of Secretary Redfield, of Department of Commerce. In reply to a suggestion from Assistant Secretary Malburn, of the Treasury Department, that the American people are in danger of overlooking preparedness for peace, Secretary Redfield points out that the country's so-called war business probably does not exceed five per cent. of its total industrial and commercial activity, and while readjustments after the war will be necessary and perhaps serious, the relative importance of the war business is generally overestimated.

It does not exceed a quarter of our exports, says the Secretary, and possibly is not quite that much. Our shipments to South America, for example, have at least doubled. New industrial organization for making war material is relatively small, and moreover much of it will be available for use when peace comes. This will be especially true, says the Secretary, if our preparedness is going on all the time the Secretary concludes, and will be aided by legislation recommended by Governmental agencies.

## AVOID SPRING COLDS

Sudden changes, high winds, shifting seasons cause colds and gripe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an attack of gripe. Its already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

## Nothing better for the Money

Compared with any other shoe you can buy for the same money you'll find no better shoe value than a pair of **PLUCK SHOES**

Whatever standard you judge them by—style, fit, comfort, service—they're not to be surpassed anywhere. They are made in a factory devoted to "PLUCK" SHOES exclusively—nothing used but good, sound leather, lining and thread all through—handled by expert workmen. They are made on lasts that look well and fit well and keep looks and fit as long as there is any wear left in the shoe.

All the popular leathers—many styles—splendid finish. "STAR BRAND" reputation establishes the worth and merit of "PLUCK" SHOES.

### PERSONAL

J. Fish was in Cincinnati this week buying goods.

Miss Fannie French of the Wildie section is on the sick list.

Miss Viola DeBord of Levell Green was here on route to Withers. Little Miss Eliza Langford is visiting Mr. and Mrs. Harrison Branaman at Wildie.

Mrs. James Rickels and children are spending a few days with her mother at Maywood.

Miss Susie Thompson and Mrs. Sadie Jett are attending the Bankers Meeting in Barboursville.

Dr. Grover E. Price wife and daughter of Judson, Ind., are with their parents in this county.

The baby of Rev. and Mrs. H. T. Young is very sick and the condition of the little one is felt to be very serious.

Elizabeth Furnish left yesterday for Somerset to join her mother, whom she has not seen for seven years.

Two of the attractive little daughters of Mr. and Mrs. Roy Mullins spent a portion of the week with Mrs. Lucy Mullins and family.

Mrs. Martha Furgueson and Mrs. W. R. McClure spent from Friday until Sunday with Mr. and Mrs. George Furgueson at Junction City.

Misses Estep, Newberry and Krohn, teachers in Langdon Memorial left Monday for their respective homes. They will not be back next year.

Cashiers W. L. Richards and F. L. Thompson Jr., went to Barboursville yesterday to attend the Eleventh District Bankers Association, which meets there today.

Egbert Wallin was here from Danville today to have his commission as railroad policeman recorded in this county. He has served nine years in that capacity and has recently been appointed for four more years. — Interior Journal.

Judge and Mrs. G. M. Ballard and Mr. and Mrs. S. F. Bowman and son Dwight, spent from Wednesday until today in Frankfort. Judge Ballard and County Clerk Bowman went there to protest against a raise, by the board of equalizers, of Rockcastle property.

Mr. and Mrs. T. A. Stewart and four-year-old son Edward of Jacksonville Fla., spent from Saturday until Monday with Mt. Vernon relatives. They are with Mr. Stewart's uncle, L. T. Stewart at Wildie now. When they return to Florida, they will be located at Tampa, where Tom, will have charge of the business of the insurance company for which he is district manager.

### LOCAL

Jack Hysinger, one of the Countys' best and most progressive farmers, suffered a heavy loss last week when a fine two year old mule died as the result of an injury caused from a snag.

The board of trustees at last Friday night's meeting repealed the malt meal license ordinance and after the expiration of the present license the malt meal stands must go says the board. A state law which becomes effective in next month prohibits the operation of such joints in dry territory.

Everybody is cordially invited to attend the opening chapter of the Diamond in the Sky at Boone Way Opera House May 26. And on each Friday night we will show one chapter and one reel Comedy at 5 & 10c. Come and see the opening chapter free.

FOR SALE OR RENT.—The C. C. Davis property on Richmond street. Apply at this office.

LOST.—A string of gold beads. The string is made up of long and short beads. A liberal reward for the return of same to this office.

J. M. and M. F. Craig and M. E. Burton shipped from Brodhead, Tuesday, a car load of wool, weighing nearly 9,000 pounds and which brought about \$3,350. This is biggest single shipment of wool ever made from this county. The shipment went to the Springfield Woolen Mills, Springfield, Tenn.

Walter H. Miller, on Wednesday of this week, received by express from Hope, Ind. a shipment 55 White Plymouth Rock baby chicks. These chicks are from pens of fowls bred for great egg laying qualities. The little fellows arrived in fine shape. He is expecting another shipment this week from Illinois, of the same variety of chicks. This shipment will also be from especially high egg producing fowls with records of from 250 to 300 eggs per year.

The board of trustees of the Graded School met last Saturday to select teachers for next year, but only three were chosen. Miss Georgia McFerron, primary, and Misses Bradley and Fulin, high school were unanimously re-elected. There were other applicants for places in the grades, other than the member of the last year faculty and it seems there was some thing of a hitch with the board in making a selection. The new applicants for places are Miss Ruth Mullins and Rob McKenzie.

**SPLENDID RECORD:**—Miss Cleo Gentry, a sister of Atty E. R. Gentry has certainly made a splendid record as a canning club girl. Miss Gentry raised and canned from one tenth of an acre enough tomatoes to pay her entire expense for five months at Langdon Memorial School. This is a splendid record but she expects to go a little better this year and can enough tomatoes to pay her way through Langdon Memorial for a full year. Miss Stewart, the principal, has agreed to take the full year's tuition in tomatoes, disposing of what is not needed for use in the boarding department. We wonder if there are not others who will exert the same energy.

**QUIT'S JOB:**—J. C. and Albert Griffin and R. L. Payne, who were awarded the contract for the building of the pike from Livingston to Brodhead, have surrendered their \$1,000 deposit and will quit the job. We have had no expression from either of the gentlemen, but we understand they got afraid of the contract at the price and decided that it would be better to lose the \$1,000 deposit, than to take chances on a still greater loss. It is very probable that the Durrett Construction Co. will be given the contract, as they were the second lowest bidders. Mr. Durrett, president of the company is expected in Mt. Vernon tomorrow relative to taking the contract. Mr. Terrell is also expected to be here within the next few days to look over the road situation in Rockcastle.

Langdon Memorial closed Tuesday night one of its most successful year's work. There were eight Graduates from the Eighth Grade this year. On Sunday evening Rev. J. M. Macmillan preached the baccalaureate sermon at the Presbyterian church, Monday evening was scheduled the Operetta which was to be given on the lawn, but on account of the rain Monday the Commencement proper was held and the Operetta was carried over to Tuesday evening. The Operetta was pronounced by all to be one of the best programs of the kind ever presented in the town. The commencement program consisted of a piano solo, a chorus, class address by Rev. Macmillan and presentation of certificates by Dr. Cheek, all of which were of the highest order and very entertaining. The display of work, on exhibition was the best evidence to offer, of the thorough and high class work being done by Langdon Memorial School. This school has long since been one of Mt. Vernon's greatest assets and Rockcastle county's greatest benefactor in the opportunities offered her worthy girls.

There must be a good reason for this. It is because alum was found to be unhealthy.

### Langdon News

Miss. Coulson left Wednesday evening for her home in Louisville.

On Thursday noon Miss Estep, Miss Krohn and Miss Newberry left Mt. Vernon.

The pupils are gone except a few who are engaged in cleaning and repairing the building.

Miss Stewart, Miss Turner and Miss Coulson have been commissioned for next year. In case the Kindergarten is discontinued it is expected that Miss Coulson will return as a member of the school faculty.

The greatest Masonic day in the history of Kentucky is promised in conjunction with the St. John's Day picnic which will be held at Fontaine Park in Louisville, June 23-24. Heretofore the picnic has been held only one day. This year it is expected to net a fund of not less than \$25,000 with which to pay off the indebtedness on the Masonic Widow's and Orphans' Home. Among the innumerable contests, for which handsome prizes are offered, will be a championship State wrestling tournament between farm boys and city bred boys. The 500 Boy Scouts of Louisville, will give exhibition drills on both days, as will the drum and trumpet corps and patrols of the local temple.

Can the oldest mnaoitant recall a May which has equaled this one for low temperature, lack of precipitation and March like winds? Several big frosts, (seen by early risers), and a continuous coolness necessitating fires until the diurnal luminary had reached his meridian, which strangely enough did no noticeable damage to "garden sass." Pastures and Meadows have suffered greatly from want of moisture and wheat is heading low, and rust is making a considerable show in some fields. Much fruit continues to drop prematurely due to lack of proper fertilization of the blossoms by the honey-bees and other pollen bearing insects. Some trees will make a complete failure due to the bees being confined to their hives by the cold while the blossoms were open. A big clover bloom, heavy locust bloom are omens of a good crop year. Not being outfitted with heavy overcoats and large pocket for ballast, the cold and winds kept the bees from doing much work.—Exchange.

### ADVESTIMENT FOR BIDS.

The County Board of Education will meet June 1, for the purpose of receiving bids for building School houses—one in district No. 71, five miles west of Livingston on Rockcastle river. A note will be given the contractor at completion of house due Jan 1, 1917, bearing interest at six per cent.

The house in district No. 82, near Snider Switch over the K. C. R. R., A note will be given the contractor for this house due 2 years from completion of house, without interest. The Board of Education reserves the right to reject any and all bids not satisfactory. These houses are to be 24 by 30 ft. on same plans as the houses for 1915. ### A SYMBOL OF HEALTH

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which the regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of the tablets from your drug gist. You will be surprised at the quick relief which they afford. This is certainly a bright week for us for different reasons, some of our friends have surprised us by visiting us again, but what gladdened our hearts most was the much needed rain that fell Monday. It has brought new life to the vegetation and prospects

are brighter not-with-standing it came most too late for the benefit of the wheat crop — R. H. Brown spent several days last week with T. S. Barr at Wilmore, Kentucky. —Mr. J. T. Vanhook has moved his family back to his farm here, and we gladly welcome them back —Mrs. W. M. Deathreage of Ind. has been visiting her sister Mrs. O. F. Lawrence. —O. J. Mullins was in Somerset last Saturday. —Dr. and Mrs. G. Price and little daughter Sallie motored over from Judson Ind. last week, and are with relatives and friends here for a few days. —Mr. and Mrs. Wade Mullins and children were up from Plato Sunday and spent the day with Mr. and A. C. Sowder. —A. L. Hatcher was in Hazel Patch the latter part of last week, looking after some business matters. —Misses Sallie and Ada Mullins of Withers have been the guests of their cousins Misses Zelma and Anna Brown, for a few days. —Mr. and Mrs. J. W. Shell and children have been visiting relatives at Mt. Vernon and Livingstons for the past week. —Little Zula and Christine Catron of Elrod spent last week with their cousin Jewel DeBord. —W. M. Hurst was in Somerset one day last week attending a good road meeting. —Mr. and Mrs. J. W. Thompson and beautiful daughter Miss Ethel of Universal Ind., spent two weeks with relatives and friends here. —Dr. and Mrs. H. H. Isaacs and children of Bee Lick, spent Sunday at the home of Mrs. M. R. Price here. —Mrs. J. G. Thompson has been very sick for the past few days.

American railroads are hauling passengers with a greater degree of safety and freight at a lower cost than the railroads of Europe. The dog really doesn't deserve as bad a name as has been given him. Now that it isn't politically profitable to garble the facts and the realization is beginning to take hold that the welfare of the railroads is umbilically related to the welfare of the country, the truth is getting a hearing. It is high time.

## National Defense and International Peace

### Are You Ready to Play Your Part?

THE power of a nation in time of need is the producing power of her industries. America must find out what this producing power is and then develop it. The capacity of every plant must be gauged. The ability of every man must be known. For War is Mechanical. It is Electrical. It is Chemical. It is Mining. Manufacturing, Transportation. It is EVERY phase of Engineering fused into a single industry—

"THE NATION'S DEFENSE." Thirty thousand Engineers today are serving YOUR COUNTRY without pay. They are making a survey of YOUR COUNTRY'S Industrial Resources. They are helping YOUR COUNTRY to FIND ITSELF—and You! They are charting the channels of commerce. Sounding each voice of supply. So that, should the Day break when War must come—YOUR ARMIES in the field will be but the crest of a Wave of Industry, as wide as the American Continent and as deep as the American Soul. That YOUR COUNTRY may know what the Engineers are doing, the Associated Advertising Clubs of the World have pledged their services to the President of the United States. And this advertisement, published free by this paper, is part of a nation-wide series to secure YOUR co-operation with the Engineers.

"WHAT CAN I DO?" This is, doubtless, the question you are asking yourself. Here is the answer. If you are a manufacturer co-operate fully with the Engineers so they can do their job quickly and efficiently; if you are a working man help your employer to help the Engineers and be prepared, if so needed, to be a Soldier in Industry, behind the firing line, which is just as important as being a soldier on the firing line; if you are a business man or a professional man, or whoever you are, help mobilize "GOOD WILL" behind this patriotic task of the Engineers in behalf of National Defense and International Peace.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

### Fourth Annual Eleventh District

### School of Principles and Methods

FOR STATE SCHOOL WORKERS

Christ's Church Mt. Vernon, Ky., May 29-June 2, 1916

#### FACULTY

Roy K. Roadruck, Dean. Associate State Superintendent Kentucky Christian Bible-school Association, Louisville. Instructor in Administration and Adult

Garry L. Cook, State Bible School Superintendent of Indiana, Indianapolis. Instructor in Pedagogy and Secondary.

Mrs. John S. Asbury, State Elementary Superintendent Kentucky Christian Bible-school Association, Louisville. Instructor in Missions and Elementary.

Thomas A. Minyard, Minister Edenside Christian Church Louisville. Instructor in Bible, and Commencement Address

The members of the faculty are well prepared Bible-school specialists. Mrs. Asbury and Mr. Roadruck, who have assisted in former schools, are well known to the churches of this district. Mr. Cook is the oldest State Superintendent in point of service in the Christian Church, and is recognized as one of the ablest Bible school men in this country. Mr. Minyard is the minister of a Louisville church that has one of the best Bible schools in the city, and is one of the leaders in this great cause.

#### A STRONG COURSE.

A strong course of lectures on subjects vital to the best work of the leaders and the interest of the school have been arranged. Read carefully the schedule of classes on the opposite side of announcement. It ought to convince you that this training school will mean much to you in your local work in the Bible-school. This is a standard School of Methods course and in every way conforms to the International requirements. (See schedule on printed programs.)

#### FIVE DAYS' INSTRUCTION, INSPIRATION, FELLOWSHIP

The sessions of the school begin at 10:00 a.m. Monday May 29, and continue to 9:00 p.m. Friday June 2nd, 1916. There will be five days helpful instruction, inspiration, and fellowship. Your school is asked to send one or more official representatives. Many schools pay the entire expenses of their delegates, and then urge others to go on their own accord. You can not make a better investment for the up building of your work than to develop thoroughly trained workers. Letters from ministers and Supts. from all over the state testify to the value of these special training schools and how they have helped their representatives.

#### FREE ENTERTAINMENT TO ALL.

The good people of Mt. Vernon offer free entertainment to all who may come, and urge that every school in the entire Eleventh District will be represented. Names for entertainment should be sent to Mrs. W. J. Sparks, Mt. Vernon, Ky., who will arrange for your home in advance. When writing, state if possible the time of your expected arrival.

#### NO REGISTRATION FEE.

There will be no registration fee this year, so that the only expense will be the railroad fare. However, the churches that desire to have a part in the general expenses of the school are invited to send an offering with their delegates.

#### COMMENCEMENT FOR GRADUATES.

The commencement Exercises will be held at the closing session of the school. Thomas A. Minyard will address the graduates. All those enrolled in the school who take notes on at least 20 lectures, including one department course, and promise to read one of the recommended books, will be granted International Certificates of Recognition.

#### BIGGEST AND BEST.

Our aim is to make this year's school Biggest and Best. This can be accomplished through your full co-operation. The work of the Bible-schools has flourished throughout the Eleventh because of the influence and help given by the three previous schools held at Corbin, Barboursville, and London.

All Sunday-school workers of Rockcastle county are invited and urged to attend as many sessions

as possible. The program for the morning session begins at 10:00 a.m.

After a session from 2 to 3:30 and the evening begins at 7 and lasts one hour. A special program has been arranged for each period and some of the very best Sunday school workers in the State, are assigned to these various subjects. We want to urge you to attend, as this week of Methods means too much, not to have the full co-operation of every Sunday-school worker, or church goer in the county.

#### CATARH CAN BE CURED

with local applications as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials free. F. J. Cheney & Co., Prop., Toledo, Ohio. ## SLEEPS LIKE A LAMB, EATS LIKE A PIG, SHE TELLS

Youngstown Woman Laughingly Tells of the Astonishing Relief She Gained.

"I can eat like a pig and sleep like a lamb," laughingly said Mrs. B. Henderson, of 116 South Hazel street, Youngstown, Ohio.

"I know this sounds rather 'piggy'," Mrs. Henderson explained, "but I can hit upon no words that describe my present condition better. Especially is this true after the many years of suffering I went through."

"Indigestion, catarrh of the head, nose and throat, kidney and liver trouble and nervousness all had a tight grip on me. Words cannot describe the pains and agony I underwent."

"There was a bloating of gas on my stomach after eating, I suffered headaches, my nose was stopped up, mucous formed in my throat, my eyes were weak at times and my kidneys were sore. A general run-down condition of health is what I really suffered from. Never did I feel energetic and it was impossible for me to relish food."

"I tried almost every medicine that came along, but none of them did me any good. I finally concluded that there was no hope for my recovery. I read of Tanlac, friends told me about it, and relatives begged me to take it at first, but I kept on refusing. Each day my condition grew worse and I was driven by desperation, I supposed to take another chance on finding relief in a proprietary medicine."

"Ten days of Tanlac treatment made a new woman of me. No longer do I suffer from any of the old ailments. Oh, what a pleasure it is to feel good once more. I can help from praising Tanlac day and night. If any of my friends or people who hear of my case suffer anything like I did, I urge them to take Tanlac."

Tanlac is being introduced in Mt. Vernon at the drug store of R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead. W. M. Owens' store, Burr, Lynne Bros., Crab Orchard, S. E. Welch Bros., J. Reynolds & Son, Bee Lick, Ky., wherever Tanlac Man will explain the merits of this wonderful reconstructive tonic and the results that may be expected from its use.

## Hopewell

Miss Anna Sokes of Sokes' Quarry is visiting her brother here.

Mr. and Mrs. Ebb McClure of this place, spent the latter part of last week with Mrs. McClure's parents near Line Creek. Rev. Carmical filled his regular appointment at Hummel Grove Saturday night and Sunday.—Mrs. Edd Gentry of Mt. Vernon, was here last Saturday.—Rev. James Barnes was the guest of his son, Alfred, Saturday night, in Hopewell.—Misses Jennie and Addie Burke spent Sunday with Miss Hattie Carmical.—Miss Bertha Carmical was in Mt. Vernon Wednesday and Thursday to see her sister Mrs. Stephen Carpenter.—The six-year-old son of Mr. and Mrs. John W. Kirby escaped a narrow risk of being killed. The child had gone with his father to Mr. W. M. Livesay's after a harrow. Mr. Kirby and Mr. Livesay were standing a few steps away from the wagon when a dog jumped the fence scaring the horses which broke to run with only the little boy in the wagon. They ran until they had reached August Krueger's house, when the child fell from the wagon. He was picked up by Mrs. Fritz Krueger and had only the slightest of wounds. It seems that it was only luck for the parents that their little boy escaped so well.

Mrs. Maggie Percival of this place spent Thursday night with Mrs. John Clontz, at Mt. Vernon.—Mrs. Robert Marler and children spent last Sunday with Mrs. Jack Murray.—Mr. and Mrs. Holbert Kirby of Sparks Quarry, were visiting Mr. and Mrs. Bussel of this place, the latter part of last week.—There has been the greatest drought in the past few weeks there has been for some time. The gardens and corn crops are doing very little good.—Mr. Mitt Rash is numbered with the sick.—Rev. Carmical was called to Line Creek last Monday to preach the funeral of Mrs. Charles McClure, she leaves a husband, several children and a mother to mourn her loss.—Miss Maggie Livesay is in London having her eyes treated.

#### MCCRACKEN ENTERS "BEST BERRY" WAR.

RUDY'S TO CONDUCT "PRELIMS" TO CHOSE ENTRY FOR LOUISVILLE PRIZE.

CONFIDENT COUNTY CAN SHOW THEM ALL UP.

Can McCracken county produce the best berry raised in Kentucky this year?

J. A. Kady & Sons are confident that it can and wants to enter three crates of berries in a contest the Louisville Post will hold June 1, in which a \$10 prize will be given for the best strawb. berries grown in Kentucky.

Here is how Rudy's will select the berries to be entered: They will hold a contest at their store Wednesday morning, May 31, and the three best crates will be sent to Louisville for the Post's contest. Five dollars will be awarded the grower with the best berries; \$3 the grower with the second best, and \$2 the grower of the third. A committee of competent persons will make the decision.

"We have long thought we had as fine berries in this country as any section of the country could produce," said Mr. Henry Rudy, in announcing the unique contest today, "and we are anxious, since an opportunity has presented, to prove it. There will be berries at Louisville from Bowling Green and every other strawberry section of Kentucky, and this firm believes it will be a great boost for McCracken county if the prize comes here."

"We want the co-operation of the berry growers in our effort to make McCracken berries famous and we feel confident that if we have it, McCracken will win the first prize. The berries will be sent in the name of the grower, to the Post contest."
